Alpha Debajo Range Underfloor Safes

- Recommended for storage of £4,000/ £6,000/ £8,000 cash or £40,000/ £60,000/ £80,000 valuables
- High security key retaining locking supplied with two keys
- Optional locking systems include electronic locking or mechanical combination lock
- The door is machined from chrome plated solid steel, and incorporates special drill resistant plates and two relocking devices. The door locks into a solid steel collar manufactured from seamless tube
- An A.B.S neck engages into the steel collar to allow 111mm of concrete protection over the top plate
- Safe body is constructed of high quality 2mm steel with continuously welded seams
- Special water resistant dust cover fits tightly onto neck
- Deposit units incorporate a special anti fish device to prevent retrieval through deposit tube

Substituting the letter "A" at the beginning of each stock code will give cash ratings as:

A = £4,000 Cash or £40,000 Valuables

B = £6,000 Cash or £60,000 Valuables

C = £8,000 Cash or £80,000 Valuables

Adding the letter "D" at the end of the stock code indicates Deposit facility
