ARCHIVE CABINET

FIRE-RESISTANT DOCUMENT PROTECTION

KEY FEATURES

- Archive Cabinet has a steel, double-wall construction insulated with special fire-resistant barrier material
- Available in four sizes with a generous storage capacity ranging from 325 to 880 litres
- Secured by three-way boltwork, locking at the top, bottom and side of the door
- Class A (EN 1300) key lock fitted as standard
- Alternative locking options available on request
- A wide range of flexible fittings available to suit all types of storage requirements, including removable shelves, pull-out file frames for A4 and/or foolscap files and lockable compartments
- Anchor points in the base allow the cabinet to be fixed to the floor
- All cabinets have a light-grey, powder-coated finish, suitable for any office space

ARCHIVE CABINET

PULL OUT SUSPENSION FILE FRAME

The frames are capable of taking both A4 and foolscap filing pockets, however:

- In order to fully utilise the cabinet A4 pockets should be used
- The filing frame can only accommodate A4 pockets when filing laterally

If hanging pockets facing front (see image to the left) Models 325 and 450 will accept:

- 1 row of foolscap folders
- or
- 1 row of A4 folders

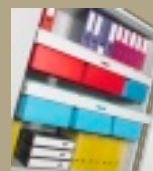

If hanging pockets facing front (see image to the left) Model 640 will accept:

- 1 row of foolscap and 1 row of A4 folders side by side
- or
- 2 rows of A4 folders side by side

LOCK OPTIONS

The cabinet is fitted with a key lock as standard. The lock has been certified Class A in accordance with the European EN 1300 standard by leading standards agency ECB•S (European Certification Board•Security Systems). Alternative locking options are available on request.

If hanging pockets facing front (see image to the left) Model 880 will accept:

- 1 row of foolscap folders and 1 row of A4 folders side by side
- 2 rows of foolscap folders side by side
- 3 rows of A4 folders side by side
